**RE: Notice of Upcoming Construction Activity and Request for Action**

Dear Property Owner/Resident:

Beginning in April 2018, South Jersey Gas will begin the next phase of activities associated with the remediation of the Pleasantville former Manufactured Gas Plant (MGP) site. The site is located at the intersection of North Franklin Boulevard and Old Turnpike in Pleasantville, New Jersey. The work is anticipated to take approximately 14 months to complete.

A description of the planned work and the site's history can be found in the enclosed fact sheet. Additional information, including planned road closures and detours, can be found by visiting **[pleasantvillemgp.com](http://pleasantvillemgp.com)**. We appreciate your patience as we conduct this remediation safely and efficiently, and commit to keeping you informed of our progress via the project's website and posted weekly updates. If you have questions, please:

- call us at **(609) 833-2810**
- email **[comments@pleasantvillemgp.com](mailto:comments@pleasantvillemgp.com)**

All activities will be done in accordance with the New Jersey Department of Environmental Protection's (NJDEP) Technical Requirements for Site Remediation and under the oversight of the site's New Jersey Licensed Site Remediation Professional (LSRP).

**Request to Perform a Pre-Construction Inspection**

Because your property falls within 200 feet of the project area, South Jersey Gas would like to perform a condition assessment of all structures that are on your property. These inspections are intended as a protection for both the property owner and the contractor. Following the completion of South Jersey Gas' work, a post-construction inspection also will be performed. A report will be generated following both inspections and provided to you, upon your request.

To schedule an inspection at a day and time that is convenient for you, please call the project information line at **(609) 833-2810** or email us at **[comments@pleasantvillemgp.com](mailto:comments@pleasantvillemgp.com)**. Tom Reilly, our community liaison, will be the first to respond.

Sincerely,

**Caitlin Bast**
